

SING ALONG AND LEARN WITH MILT THE TALKING MUSKY

Pre-school through 2nd Grade

Sight Words are commonly used words in the English language that readers need to memorize because they do not follow the phonetic pattern for pronunciation when broken down by their letter sounds. Beginning readers who memorize these words by sight will increase their reading comprehension and fluency. Singing with Milt on a daily or every other day basis will significantly improve a child's reading and recognition of **86 Sight Words**.

Dear Parents, Families & Educators,

Milt the Talking Musky is a spokefish for parents, families and teachers involved in a child's education. Milt focuses on teaching **86 Sight Words** through his Sing Along Song DVD, with highlighted text and lyrics as the song is being sung. Milt's Alphabet helps teach young children their ABC's with highlighted text as it is being spoken. All of these learning materials can be previewed at Milt's web site.

Music and Video is proven to increase learning retention in young children. Four Minutes singing along with Milt on a daily or every other day basis will significantly improve a child's reading and recognition of these **86 Sight Words**. Add in the underwater video footage that seems to mesmerize young children and we believe that Milt the Talking Musky will make a new learning friend with your young readers. Milt sings about praying and hugging his family and singing at home or his place of worship. Milt is a Musky with Family Values.

Milt guides children through Sight Word education using audio, visual and interactive tools adaptable to the different learning styles of early childhood. A 40 page PDF Coloring Book* helps teach **228 Sight Words** within the text of the storyline. We believe that children will learn from coloring and reading in a fun reading and learning way. Add in a Button as reinforcement and your children and students will enjoy & learn.

Enjoy & Have a HappyFins kind of Day,

Milton Musky
